

Kesirlerle Toplama ve Çıkarma İşlemi

Aşağıdaki işlemlerde görsellere karşılık gelen sayıları yazalım.

$$\frac{3}{9} + \frac{4}{9} = \frac{\text{Sloth}}{\text{Bird}}$$

$$\frac{\text{Bird}}{16} - \frac{8}{16} = \frac{7}{\text{Caterpillar}}$$

$$\frac{21}{5} - \frac{8}{5} = \frac{\text{Raccoon}}{\text{Rabbit}}$$

$$\frac{5}{8} + \frac{\text{Bee}}{8} = \frac{8}{8}$$

$$\frac{\text{Snail}}{15} - \frac{6}{\text{Butterfly}} = \frac{\text{Butterfly}}{\text{Butterfly}}$$

$$\frac{\text{Ladybug}}{20} + 2 \frac{\text{Turtle}}{2} = 5 \frac{\text{Squirrel}}{\text{Elephant}}$$
